

Dr. Bista in International Training Week, BUT, Poland

Dr. Rabindra Bista, Assistant Professor at Department of Computer Science and Engineering, participated in the International Training Week at Bialystok University of Technology (BUT), Poland, held during 15-19 May, 2017 and the event was supported by ERASMUS+ Programme. In this training week, there were more than 50 participants from 23 countries.

The main objective of this program was to strengthen the collaborations among more than 25 universities from both Asia and Europe.

This year 2 undergraduate students from Kathmandu University will study one semester at Bialystok University of Technology, Poland as exchanged students once they are selected for mobility awards.
