

Kathmandu University, Notice for Construction works and maintenance at Turbine Testing Lab

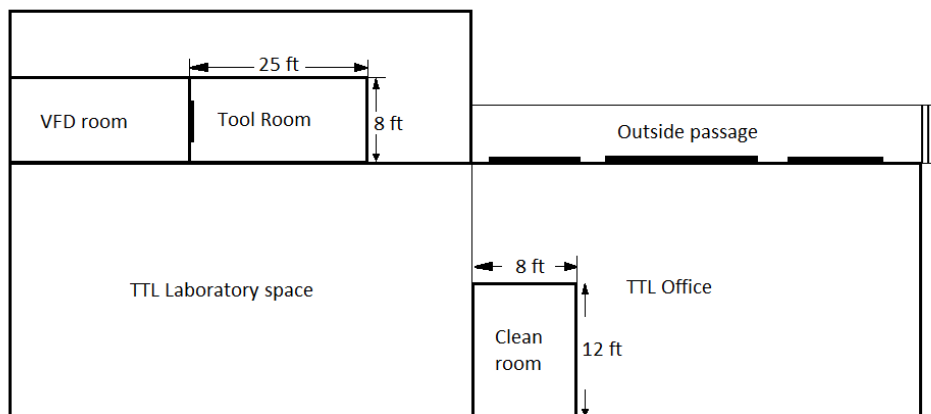

This is to request for calling quotations to carry out some construction works at Turbine Testing Lab **within the date of 26th Dec. 2017**. The activities are attached with this letter. The major work includes construction of a Tool room outside TTL space, wall putting and some other maintenance works.

This work includes following activities:

- Construction of a tool room outside Turbine Testing Lab. The room will have an approximate dimension of 25 x 8 x 9 ft. The location of the room is shown in Picture 1. The current scenario and tentative location of the room is shown in Picture 2. The ceiling consists of corrugated steel and 3 inch RCC. The framing of the room will contain steel structure and wall will be of cement board including finishing works.
- Wall putting of the clean room of dimension 12 x 8 x 12 ft. Granite flooring is also included. The location of the room is shown in Picture 1.
- Sealing of the holes and gaps in the VFD room and other locations. Some of these locations are shown in Picture 3.
