

Turbine Testing Lab
Department of Mechanical Engineering
Kathmandu University

Subject: Application call from interested candidates for Internship

This is to notify that Turbine Testing Lab (TTL) will be undertaking the following projects for the Internship which will be held during July-August 2013

S. N.	Name of the Project
1	Prospects of Utilization of Reversible Pump Turbines in Nepal
2	Design and Simulation of Cross Flow Turbine
3	Francis Turbine R&D practice and progress at TTL with a design case
4	Assessment for Installation of IEC Standard Francis Turbine Test Rig at TTL
5	Development of Design and Testing Procedures for Model Francis Runner as per IEC Standards
6	Maintenance of Francis Turbine damaged due to Sediment Erosion
7	Improvement on traditional foundry technology of Nepali arts and crafts for implementing in engineering products

Hereby, TTL calls application from interested applicants with strong motivation and relevant working experience to work in the project of their interest as an Internship Student on a full time basis.

Application along with CV and one separate page of "Statement of Objectives" should be submitted to TTL office before 12 June 2013.

Biraj Singh Thapa
Assistant Professor & Faculty In Charge
