why study law:

Additional Reasons

Your eligible to have access to a variety of legal careers. It will also give you an excellent springboard into a wide range of other opportunities. Law is special because more than half of all the graduate jobs do not require any particular degree background and a good Law degree will always allow you to present plenty of important skills to future employers. Through your analysis of case studies and other work on your course, you will become highly skilled in researching and assimilating large amounts of information and complex data. These are important skills in a vast range of professions in commerce and industry.

You will develop very strong oral and written communications skills, which are needed by all employers these days. You will learn to approach tasks in a clear, reasoned and logical way. You will become an effective problem solver and develop an understanding of the needs of your clients. A law degree can also help you improve your commercial awareness. Furthermore, Law manages to affect everything, and studying it gives you the freddon to discover your interest in almost anything. From geopolitics & international law to medicine & tort law. From sociology & family law to economics & human rights and contract law. Is it any wonder that so many world leaders and policy makers have a background in law?

Why choose this course?

- The course enables student to acquire a qualifying law degree, along with management knowledge and skills.

BBM, LL.B syllabus is built on the basis of learning competencies for starting career in law and management.

While KU transport facilities are available from Kathmandu, the School of Law encourages students to live in Dhulikhel in the rental homes arranged for them. These homes are run for the benefit of students on a no-profit no-loss basis.
Our BBM, LL.B is a five year full time study program, spread over Ten Semesters with total academic load of 188 credit hours.

OBJECTIVE
The BBM, LL.B. is a special integrated law course that aims at creating a band of modern lawyers who are knowledgeable and skilled in the basics of management as well. It meets all requirements of the professional undergraduate law degree (or Legum Baccalaureus) with additional exposure of management that creates added advantage for them to work as lawyers in the corporate sector and public enterprises. Study of this course will enable the law students to develop a competitive edge for them in the business sector including the practice of business law in law courts and quasi-judicial tribunals. The recent changes in the Nepalese economy and global economic scenario have necessitated Bachelor of Business Management and Bachelor of Law Programme (BBM, LL.B) a strong demand for a breed of youngsters with the knowledge of law coupled with the core essentials of management and business to enhance productivity.
